

Hope in the Journey

July 1, 2020

Dear MHN Listeners,

Mars Hill Network Welcomes Teddy Caputo... Digital Media Director

As the world technically changes, the Mars Hill Network also evolves in its technical operations. What was not so many years ago transistors, typewriters, and telephones has been replaced by chips, computer keyboards, and cell phones.

The Mars Hill Network moves forward in this digital video age with new and exciting and powerful vehicles of proclaiming the Word of God. It's a visual world.

To meet the growing demands of the Mars Hill commitment of reaching people for Christ, the Mars Hill Network expands its media horizons by means of internet platforms such as Facebook, Instagram, Twitter, and YouTube. While our primary means of broadcasting the Gospel message is the effective use of radio, we deliberately look for new effective ways of communication to generations of people who utilize electronic visual information each day of their lives. It's become the norm to many.

Teddy Caputo comes our way fresh out of New York's St. Bonaventure University earning a BA with a major in Journalism and Mass Communication and a minor in Marketing. Teddy has a rich experience with video and was involved in St. Bonaventure's campus television station as news director. His love for the Lord Jesus and his desire to see people come to Christ and grow in their faith makes Teddy a valuable ministry team member at the Mars Hill Network.

Won't you welcome Teddy with us and as you remember Mars Hill in prayer, remember Teddy Caputo as he creates, develops, and manages our new venture into video outreach.

In Christ Jesus,

Wayne Taylor

General Manager

BROADCASTING THE GOSPEL SINCE 1969
